Praises **11/5/26**

Both John E and Gail were able to worship with us on Sunday.

John and Sherri praise the Lord that he is walking and feeling so much better, and they're so grateful for the prayers and cards.

It's good to have Pam easing back into a ministry she loves with the dinner committee.

Connie got a good report from her doctor after her skin cancer biopsy. All of it was removed, stitches come out on Wednesday, and she should be back to normal activity within a week.

Prayer Requests

Pray for God's wisdom and leading for the Governing Board and DMM on how to apply what they've learned from the PEAK Assessment.

Remember those who are sick or dealing with and recovering from health issues, as well as those who may be struggling emotionally or spiritually.

Pray for expectant parents and babies (Wes & Cat, Isaiah & Susannah), especially for relief for Susanna from morning sickness and nausea.

Keep in prayer: Dave and Ann, Ron and Wanda

John: that treatment would be effective

Sarah: needs a favorable path forward in therapy because she needs specialized equipment and adjustments for her prosthetic

Greg: moved from Encompass to stay with family as he recovers

Jess & daughter Zay (Mark & Breanna's friend): Zay had tests on 10/30

Susannah's mom Debbie: awaiting results of a biopsy for a blockage in the airway of her left lung; she is currently back on oxygen

Rita's son Vic: having hernia surgery on 11/11

Rita's sister Gail: heart cath on 11/16

Stan & family (Pam's brother-in-law): in hospice due to cancer

Toney: struggling with addiction and needs salvation

District/Missions

Abe and Sheila have managed to reopen the gates of the Alliance International Cemetery, home to the Wall of Life, which portrays 82 scenes from Scripture. The gates had remained closed since they left Israel in May. Since reopening, they have had several conversations about Jesus with Jewish people. Pray that the team will be filled with and led by the Holy Spirit, that people will be drawn to the cemetery each day, especially as Israel gears up for military conflict, and for the team working to restore artwork on sections of the wall.
